

Introduction to Semantic Web Technologies: What They are and How to use Them

Semantic Technology Training On-Site and Custom Programs

The following price list* is for typical, on-site education programs tailored to the specific needs of groups or organizations. TopQuadrant thanks you for your interest.

*Prices are for private training programs in the greater Washington DC-Baltimore or Mountain View, CA regions. For other regions, some additional travel and living expenses typically will need to be added to the training price -- inquire for details.

For more than 20, or other requests, please contact us, see below **	Number of Attendees		
	13 - 20	8 -12	7 or less
Complete four day training course	\$25,000	\$16,900	\$12,500
Full course consists of Modules I, II and III (see descriptions below)			
Module I - 1 day executive briefing			
Overview of Semantic Web Technologies			
Module II - 2 day hands-on tutorial with exercises			
Using Semantic Standards and Languages for Modeling and Querying			
Module III - 1 day interactive workshop on knowledge modeling			
Semantic Model-driven Applications - Case Studies and Practical Guidance on Development			

See [Intro Training](#) for outlines of the content of Modules in the public program.

*Note, a suitable room or space must be made available or arranged for by the organization. We will provide detailed guidance on what is required to arrange and equip the training space to best support the learning and comfort of your attendees.

The above prices include:

- 1-2 instructors, depending on the learning module and the size of the class.
- Comprehensive course materials provided for reference. Material includes detailed slide sets for each module, exercise instructions, and some extras such as ontology modeling guidelines.
- Use of the TopBraid platform, for teaching RDF and OWL and running interactive exercises.
- Demos and use of state of the art ontology modeling and management tools
- Audience specific customization in difficulty of exercises and the level of material covered.

Following trainings, we find that participants often desire flexible access limited consulting. We offer a "Training+" package to provide prepaid consulting days with one of your training instructors, at \$1500/day. These follow-on consulting days may be taken when your team most needs them any time within a year of the training.

**** Contact us at 724-846-9300 or trainings@topquadrant.com for questions and to discuss how we can tailor the program to suit your specific needs for content and cost.**
